

Bee City USA - Newport

Report on 2020

Pollinator Habitat Creation & Enhancement

The City of Newport removed non-native Beach Grass and installed a pollinator friendly landscape using Heath and Heather, Ceanothus, Sages and Grasses.

Education & Outreach

City of Newport was unable to hold any Pollinator Conservation Events in 2020 due to COVID-19.

Policies & Practices

The City of Newport has adopted a policy of not using pesticides or herbicides, unless it is necessary to control an invasive pest. We have tested organic methods of weed control such as Burnout II, and remove invasive weeds and plants mechanically or manually.
