

Bee City USA - Eureka Springs

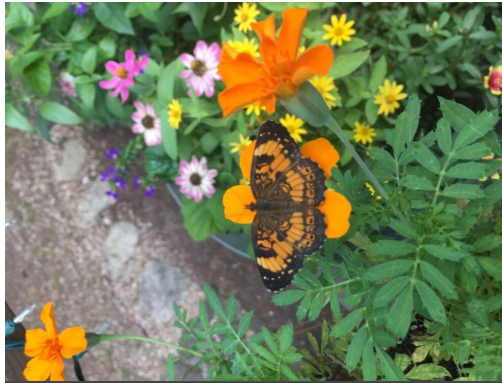

Report on 2021

Pollinator Habitat Creation & Enhancement

We planted thousands of native plants in our greenhouse and planted many of them in our gardens throughout town. We also had two plant sales with the native plants we grew. We added native plants at the front gate to one of our city parks.

Honey bee swarm

Checkered Silverspot butterfly on natives

Pollinator prairie restoration project

Education & Outreach

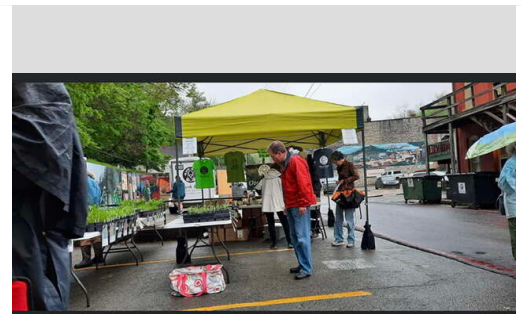

Earth Day Festival, Spring Native Plant Sale, Planting Native Plants in the Greenhouse.

Spring Native Plant Sale

Earth Day 2021 Tabled Educational Event

Native Plant Sale Outreach

Policies & Practices

We do not use any non-organic pesticides in our gardens and try to avoid the use of any pesticides, whether organic or not.

Integrated Pest Management Plan:

Recommended Native Plant List:
