

# Bee City USA - Gillette

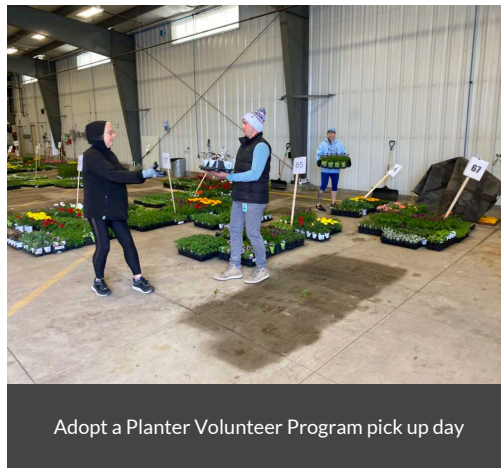

Report on 2021

## Pollinator Habitat Creation & Enhancement

The City of Gillette has implemented pollinator friendly beautification projects as well as, monarch habitat. We supply approximately, 1000 flats of pollinator friendly flowers to plant throughout the City with our Adopt a Planter Volunteer Program. The City recently added approximately 152,460 sq. ft. of new water conserving turf, trees and pollinator friendly perennials. The City of Gillette reads The Bee City USA proclamation at our televised Council meeting yearly to promote pollinator habitat throughout the community.

We are in the construction process of this project and beginning work on the next phase this coming spring.

Adopt a Planter Volunteer Program pick up day

One planter of approximately 80 Adopt a Planter volunteer groups.

## Education & Outreach

City of Gillette Adopt a Planter Volunteer program offers 18 pollinator friendly flowers available for adopted planters. We promote the use of pollinator friendly flowers from our flower list.

Adopt a Planter Program

Over 18 varieties of pollinator friendly flowers for the Adopt a Planter Program and 80 volunteer Adopt a Planter groups.

Adopt a Planter volunteers along with City of Gillette crew.

## Policies & Practices

The City rarely uses insecticides. Most chemical applications are to eliminate noxious weeds,.
