

Bee City USA - Washington

Report on 2021

Pollinator Habitat Creation & Enhancement

Kingman Island Family Day – October 2021 Family Day on Kingman Island in the Anacostia River. 50 volunteers (1/2 children) planted a 1500 sq. ft. meadow. All plants were native and consisted of 500 non-woody species and 32 woody species.

Education & Outreach

Due to the ongoing pandemic no events were held in the District. We did update the website for Pollinator Week and Tweet/Instagram photos and facts. <https://doee.dc.gov/pollinators>

Policies & Practices

The District has an IPM plan that is administered by our Pesticide Division.
