

# Bee City USA - Phoenix

Report on 2021

## Pollinator Habitat Creation & Enhancement

We completely replanted the Blue Heron Pollinator Garden that had been burned by fire and installed a pollinator garden at Phoenix Industrial Studios

Girl Scouts helping with planting

The entrance to Blue Heron at the time of the 2020 fire

## Education & Outreach

The Mayor did not read the proclamation until later in the game because city of phoenix has been trying to recover from the fire. During the previous year we sponsored 5 planting events to help recover from the fire.
