

# Bee City USA Annual Report Pollinator Conservation & Education 2019

## Thousand Oaks, California

### EDUCATION & OUTREACH

We conserved over 100 acres of Open space for pollinators to inhabit as well as plant a pollinator-friendly garden/landscape at the Janss Library

# POLLINATOR HEALTH & HABITAT

Staff and a volunteer group planted over 30 native Oak trees in the Right of Way as pollinator habitat. City staff worked with contractors to establish pollinator friendly gardens and landscape at the Janss library

## POLICIES & PRACTICES

We only use chemicals when needed and do not use chemicals that are known to harm pollinators when they are present.
